

## SALES TAX MAY TAKE PLAY FROM STATE BEER BILL

### A Hearing On Proposals Before Assembly To Be Wednesday

Springfield, Ill., Jan. 21—(AP)—“Sales Tax” may take the play away from “beer” when the 56th General Assembly reconvenes next week.

Progress of the bills to repeal the search and seizure act and Illinois prohibition laws has definitely stopped, awaiting regulatory measures for the beer traffic which will have the approval of the administration. A beer bill was introduced in the Senate last week, but it lacks administration endorsement.

Meantime the only emergency measure in sight for producing a huge sum of money for unemployment relief, is the 2 per cent sales tax. As drafted by a joint committee of the House and Senate, and approved by the Governor, the bills now under consideration, would provide about \$40,000,000 in the state, \$25,000,000 in Chicago, by a two per cent tax on each \$1.00 worth of goods sold at retail, save farm products sold by the producer, and motor fuel.

### Hearing Wednesday

Opposition to this proposal has stirred up will be aired at a joint meeting of both House and Senate in the House chamber Wednesday. All phases of approval and disapproval have been expressed in a symposium published by the Illinois Chamber of Commerce, giving the opinions of eighteen prominent members of different industries.

Walter W. Williams, president of the Chamber approved it only if “general in character, limited as to time, and with few exemptions.”

“It is highly important,” Mr. Williams said, “that everyone make some contribution and that everyone as a consequence be made tax-conscious.” Other opinions were as follows:

Chicago publisher: “Sales tax ought not to be imposed by both federal and state government.”

Head of mail order house: “Such a tax should be temporary in character.”

Downstate manufacturer: “Sales tax should be in lieu of other taxes and not as an additional tax.”

Building product manufacturer: “Principle of sales tax is sound.”

Wholesale dry goods sales head: “Sales tax should not be of a nature where the dealers must absorb the tax.”

Bank president: “This tax offers one of really few methods of meeting need without undue strain.”

### In Adjoining States

Downstate newspaper publisher: “A state sales tax without adjoining states likewise handicapped would result in driving business across state lines.”

Foundry machine manufacturer: “If there is to be a national sales tax—it is a tax states should keep away from.”

Agricultural editor: “I am not in favor of a state wide sales tax for relief purposes.”

Chain store executive: “I see no serious objection to a sales tax.”

Packer: “I am opposed to a sales tax on food and other essentials of living.”

Utility company executive: “In present necessity there seems to be no tax as feasible as a general sales tax.”

Retail merchant: “I am opposed to the sales tax because of the very ease in which it can be levied and thereafter increased from time to time.”

### Two Accidents At Springfield Mine

Springfield, Ill., Jan. 21—(AP)—Two accidents, one caused by gas, and the other by falling rock, in the Woodside coal mine here left one man dead, two overcome by fumes and eight others injured.

Robert Cunningham of Springfield was the miner who lost his life when with two others he entered the mine last night on a blasting expedition to loosen coal.

With Joe Disque, he was found in a gas filled “room” by the third member of the party, John Franklin, who recovered sufficiently after being overcome himself to call for help. Rescue squads worked over Cunningham without avail and he was dead when brought to the top.

In the afternoon eight men were hurt, two of them seriously, when struck by falling rock while at work in the mine.

### Robinson Attacks War Debt Confab

Washington, Jan. 21—(AP)—A statement by Senator Robinson (R. Ind.), that the Hoover-Roosevelt agreement to have debt discussions with Great Britain was “usurpation of authority” was challenged in the Senate today by Democratic leader Robinson who called the Republican member's speech “cheap politics.”

The Indiana Senator took the floor at the outset of today's session and asserted Congress by resolution had “closed the door” to further action looking to a reduction of the international debts.

Defending the Hoover-Roosevelt cooperative step, Senator Robinson of Arkansas asserted while he was in sympathy with Congress' action, “certainly Congress can't foreclose the right of a President to discuss international questions or prevent a President from negotiating.”

Springfield, Ill., Jan. 21—(AP)—Although he had not named a successor, Governor Horner has announced the removal of Walter Moody, a former Deputy United States Marshal, as Superintendent of the Illinois State Highway Police, effective Monday.

### AID TO AVIATION

Berlin—It has been announced that Hungary, in an effort to further develop aviation in that country, has increased its appropriation for aeronautics for the fiscal year of 1932-33. The increase was surprisingly large—from \$254,864 to \$1,313,981. The largest increase came in appropriations for purchases.

### Reynolds Man Is Winner Law Suit

(Telegraph Special Service)

Oregon, Jan. 21—Herbert Lehman, Chicago bricklayer, was denied damages amounting to \$25,000 by a jury in the Ogle county Circuit Court last evening when it returned a verdict of not guilty in a suit brought by Lehman against John Behrends, Reynolds township farmer, residing southwest of Rochelle in Lee county.

The suit involved an automobile accident in Lee county. The plaintiff charged that he suffered injuries in the crash and accused Behrends of being responsible. The trial was held before Judge William J. Emerson, being given to the jury at 3:30 and a verdict returned at 10 o'clock last night.

## POISON FOUND IN STOMACH OF COLORED YOUTH

### An Inquest Into Death Of Sidney Collins To Resume Sunday

Coroner Frank M. Banker this morning received the chemist's report of the examination of the vital organs of Sidney Collins, who died under mysterious circumstances last Saturday evening. The inquest was to be reopened Sunday morning at 9:30 at the court house and State's Attorney Edward Jones was today summoning witnesses who will testify at the inquisition.

It was rumored today that the report of the chemist who examined the youth's vital organs, which were sent to Chicago, indicated that arsenic was found in large quantities, bearing out the theory that Collins took his own life by eating rat poison. It was said that the poisonous drug was found to exist in quantity of eight grains in the stomach and other viscera.

### To Resume Inquest

When the coroner's jury reconvenes Sunday morning at 9:30 to hear testimony and render its verdict, State's Attorney Jones will conduct the examination of the several witnesses. It will be recalled that a suicide note, said to have been found under the pillow of the deceased at the home of his parents, after he had been removed to the hospital, where he submitted to an appendicitis operation, was burned at the home of Mrs. Calar Thomas, where it was taken by a brother of the deceased.

Sidney, who had been employed at the Nachusa Tavern for the past 15 years, died at the Katherine Shaw Bethel hospital last Saturday afternoon, about 4 o'clock, having submitted to the operation on Thursday evening. Reports reaching the sheriff's office a few hours after his death resulted in State's Attorney Jones launching an investigation into his death, which resulted in the uncovering of the poison theory. At the order of the state prosecutor, an autopsy was performed and Coroner Banker sent the vital organs to a chemist in Chicago, where the examination revealed the presence of the poisonous drug.

### Union Miners At Kincaid Threatened

Springfield, Ill., Jan. 21—(AP)—Postal authorities today took an active interest in the troubles of the Illinois coal miners after Governor Horner had announced that peace negotiations started by him between opposing factions had been called off until next Tuesday.

The Postoffice Department's interest was aroused after Postmistress Arvelia Hull at Kincaid, in the heart of the strife-torn area in Christian county, had reported the receipt of death threat letters by Tovey, nearby.

She said the letters apparently had been written by the same person and that in each instance the recipient was advised “to kiss his wife good-bye” and that death awaited him.

Carl Ray, she said, was the first to report having received one of the letters. While she refused to divulge the names of all the others, she said Fred Eddie and Henry Henson also received them. All were employed at the Peabody No. 7 mine at Kincaid, she said, and each was a member of the United Mine Workers' Union.

### Geo. Moore, Irish Novelist, Is Dead

London, Jan. 21—(AP)—George Moore, famous Irish novelist, died early today. He would have been 81 years old next month.

Moore died in his widely known home in Ebury Street. He was seriously ill only a few days, but his health had been failing due to old age, for some time.

Despite his advanced years and impaired health, Moore was active in the literary field close to the end. He left an uncompleted task in which he was greatly engrossed—the editing and supervising of a complete edition of his works.

He also left an unfinished “modern” novel, a little more than half of which he had written.

### RATIFICATION NEAR

Sanat Fe, N. M., Jan. 21—(AP)—New Mexico today became the 35th state to ratify the federal constitution abolishing the “lame duck” session of Congress. The approval of only one more state is needed to complete the ratification.

## ATTENDANT AT OIL STATION HERE HELD UP

### George Acker Forced To Open Safe By Two Bandits

George Acker, station attendant at the Standard service station on North Galena avenue and Boyd street, was held up and robbed by two unmasked bandits last evening about 8:30, at a time when several persons were passing on the street and were in the vicinity of the station, but none observed the bandits as they flourished automatic pistols and took about \$75 from the safe.

Acker was alone in the station when the two young strangers entered and whipped revolvers from their overcoat pockets, informing him that the purpose of their visit was a “stick-up” and commanded him to keep his hands down and open the safe. They pressed close to Acker as he proceeded to carry out the orders and worked deliberately, refusing to take the pennies.

After emptying his change belt they ordered him into the basement where they told him to remain for at least ten minutes.

Acker complied but did not stay the ten minutes and his visitors had departed when he returned. They are thought to have left in an automobile which was probably parked on Boyd street east of Galena avenue.

Officials of the Standard Oil Company, who arrived from the district offices at Joliet this morning to conduct an investigation, were said to have estimated the sum at about \$75. Several of the company's stations have been held up of recent date and in one instance an attendant at Des Moines, Iowa, failed to comply with the orders of two unmasked bandits, was shot. The descriptions of the two men who figured in last evening's holdup Chief Van Bibber stated this morning, tallied with those of the pair who two weeks ago held up Frank Wadzinski, night attendant at the Newman Brothers' Riverview garage.

### Liquor Runner Is Fined In Co. Court

Mr. and Mrs. D. C. Parks of Kenosha, Wis., appeared in the County Court this morning for the disposition of informations charging transportation and possession of intoxicating liquor which had been placed against each of them. Parks entered a plea of guilty to the charges and upon the recommendation of State's Attorney Edward Jones, was assessed a fine of \$150 and the costs on the charge of possession. On the transportation count, the State's Attorney recommended parole for a period of six months, which was the order of the court.

In the disposition of the charges against Mrs. Parks, State's Attorney Jones' motion to nolle prosequere the proceedings with leave to reinstate was sustained by the court. The information charging the woman with possessing and transporting liquor was filed by the county prosecutor Friday morning.

The Parks were arrested one week ago Friday afternoon east of the city on route 2 with a cargo of 158 gallons of alleged alcohol, which was reported to be on its way to Princeton for delivery.

### Cab Driver Robbed

The driver of the cab, Howard French, said the trio had robbed him of \$415 before the machine attracted attention of cruising detectives.

Police said the girl gave her name as Miss Rose Fischer, formerly of Royalton, Ill. The wounded man, shot in the right arm as he jumped out of the car and ran, police said, was Charles Perry Butcher, 29. The name of the third party was given as Albie K. Carroll, 27.

### Farm Committee Divided, As Usual

Washington, Jan. 21—(AP)—The Senate Agriculture committee today considered but failed to agree on limiting the “domestic allotment” farm relief bill to cotton and wheat, and striking out all acreage reduction provisions.

Committee members said the trend was toward confining the bill to wheat and cotton.

“This would add also to the administrative simplification of the act,” said Chairman McNary (R. Ore.).

On elimination of the bill's provisions for requiring 20 per cent curtailment of production before a farmer would become eligible to receive a bounty, the committee was divided.

### Army Blankets To Cover Unemployed

Washington, Jan. 21—(AP)—Army blankets may keep the night chill off the unemployed of Rockford, Ill.

Rep. John T. Buckbee (R. Ill.) said today he had completed arrangements for turning over unused blankets from Camp Grant, to unemployed men sleeping in the Blake school building in Rockford.

He said he acted merely as an intermediary for Rockford officials with the War Department and Adj. Gen. Carlos E. Black of the Illinois National Guard.

### Edward O'Malley Died Friday Morn

Dixon friends learned today with sorrow of the death of Edward O'Malley, formerly of Dixon and Marion township, in Indiana Harbor Friday morning, his death caused by pneumonia. Funeral services will be held in Indiana Harbor Monday morning with burial in Chicago, Ill.

O'Malley, who will be remembered by many Dixonites, is survived by his widow and several children.

## Resolutions

Whereas the State of Illinois has purchased a dilapidated building in Rock Falls for use as a highway garage at a cost of \$32,000, and

Whereas the purchase price appears an exorbitant price for same, and

Whereas the methods and means used by the officials in the purchase of the same is questionable, therefore

Be it resolved by the Lee County Taxpayers Association that we severely condemn the wasteful use of public funds in the purchase of the same, and

Be it further resolved that measures be taken at once to prevent the future misuse of public funds, and to condemn any further expenditure of public money on the above mentioned property, and

Be it further resolved that a copy of these resolutions be sent to Governor Horner and to each Representative and to the Senator from this district.

## SEVEN CHICAGO POLICE HURT IN VARIED SCRAPES

### Riots At Some Relief Stations Kept Officers Busy

Chicago, Jan. 21—(AP)—Seven policemen, several civilians and a robber suspect nursed injuries today as the result of rioting and attempts at robberies.

One policeman had serious gunshot wounds, suffered when he surprised a trio about to rob a downtown loan company office. He wounded one of the trio, firing after bullets from the assailants' pistols dropped him. The wounded man was captured.

The largest injury list came as the result of riots at relief stations. Nearly 300 police battled about 1500 persons in three riots yesterday. Police blamed Communists for the disturbances.

Ten men, their faces battered from the battle, were taken to police headquarters as a result of the street fighting.

Crowds in Turmoil Loop officers were thrown into a turmoil last night when police attempted to halt a trio that held up a cigar store. The police, fearful of hitting passersby, fired into the air. The hoodlums' answer as they disappeared, was a rattle of machine gun fire, and bullets crashed through the front of a barber shop. No one was injured.

An 18-year-old blonde and her two male companions were arrested, and one of them shot, after a two-mile chase of a taxi which ended when police bullets punctured a rear tire of the cab and it careened into a tree in Garfield Park.

### Cab Driver Robbed

The driver of the cab, Howard French, said the trio had robbed him of \$415 before the machine attracted attention of cruising detectives.

Police said the girl gave her name as Miss Rose Fischer, formerly of Royalton, Ill. The wounded man, shot in the right arm as he jumped out of the car and ran, police said, was Charles Perry Butcher, 29. The name of the third party was given as Albie K. Carroll, 27.

### Democrats Change Mind: For Gas Tax

Washington, Jan. 21—(AP)—The House Ways and Means committee will meet next week to consider re-enacting the Federal gasoline tax.

The committee had previously abandoned any plans for general tax legislation at the short session.

Reversal of the attitude of Democratic leaders on the cent a gallon tax on gasoline was understood to have resulted from conferences with President-elect Roosevelt, who urged passage of all necessary legislation that was possible at the short session, to expedite work by the special assembly of the new Congress probably in April.

The gasoline levy expires on June 30, and is one of the most productive of the taxes imposed in the revenue bill enacted last spring. It is expected to yield \$137,000,000 in the next year.

### Pirates Sign Up Waite Hoyt Today

Pittsburgh, Jan. 21—(AP)—President William Benswanger of the Pittsburgh Pirates baseball club today announced the signing of Waite Hoyt to further bolster the Bucs' pitching staff.

Hoyt, advertised as a “free agent” after completing the 1932 season with the New York Giants and former ace of the Yankees' mound department, signed a one-year contract. Benswanger stated.

The amount of the salary was not revealed.

### Second Trial Of No Ail To Him

## ENFORCEMENT APPROPRIATION SMALLEST EVER

### House Committee Cuts Prohibition Bureau's Budget

Washington, Jan. 21—(AP)—Nine million, one hundred twenty thousand dollars, the smallest sum in the 13 years of national prohibition, was earmarked for the enforcement of the dry laws in the fiscal year 1934 by the four department appropriation bill reported today to the House.

The budget recommended \$9,599,948, but the House Appropriations committee applied the average cut of five per cent on the measure as a whole to the amount asked for the prohibition bureau.

Lengthy hearings before an Appropriations sub-committee again showed the marked difference of opinion that has prevailed ever since the Volstead Act went on the statute books.

The discussion in committee ranged from wire tapping in prohibition cases and the uses of “informers” to the cash cost of the average case and the number of dry agents killed in the line of duty.

### Occupation Dangerous

In this connection, Representative Blanton (D. Tex.) asked Director Woodcock whether the occupation of a prohibition agent had not become so dangerous that insurance companies would no longer write policies on their lives.

The Director answered he did not know about that but did know that six of his men had been killed since July 1932, “since the agitation about prohibition became more or less acute.”

For all the results of recent elections, Woodcock said he believed that less liquor was being sold than the previous year but he added:

“People tell you frankly that the depression has something to do with it, but that the bootlegging profession or business is not anything like it used to be.”

### New Money Bill

A new money bill said to appropriate \$5,284,000 less than the budget asked was presented to the House at the same time as a dispute was in full swing between President Hoover and the Democratic leadership over reductions in federal expenditures.

The President said that House Democrats had not cut expenditures \$57,000,000 on the first five appropriation bills as Chairman Byrnes of the Appropriations committee claims, but actually had increased them \$35,000,000.

Byrnes' committee, using budget figures of the same class as those the chairman quoted in offering his side then brought a measure allowing \$103,282,000 to run the departments of State, Commerce, Justice and Labor in the next fiscal year. In the report on this bill Oliver, (D. Ala.) chairman of the sub-committee that handled it, said the budget asked \$108,566,000.

The slashes for the departments as reported by Oliver were: State Department, \$800,162, leaving a total appropriation of \$12,177,000; Justice \$2,448,000, leaving \$41,834,050; Commerce \$1,328,000, leaving \$36,583,800; Labor \$707,284, leaving \$12,682,900.

## The Ruth Miller Ensemble Here on Wednesday, Feb. 1

The Civic Music Association is delighted to announce that through the generosity of a friend it has been made possible to present the Ruth Miller Concert Company as the next concert on this season's series. The concert will be given on Wednesday, February 1st at 8:00 o'clock in the Methodist church. The members of this concert ensemble are Miss Miller, lyric-coloratura soprano; Benno Rabinof, violinist; and Frank Chapman, baritone. Miss Miller, one of the most distinguished of contemporary American sopranos, has sung leading roles with the Metropolitan Opera Company, and with the Ravinia and Cincinnati opera companies. Mr. Rabinof made his debut in 1927 with the New York Philharmonic Orchestra and has since been the soloist with the Boston Symphony Orchestra, and the Chicago Symphony Orchestra, with outstanding success. Mr. Chapman, a Princeton star athlete, began a newspaper career, which he deserted to study music with such success as to have become a singer of star rank. The Dixon Civic Music Association has been given a great privilege in the presentation of so distinguished an ensemble to its members.

## D. A. R. Withdraws From Natl. Defense Conference for Jan. 30

Washington, Jan. 21—(AP)—Withdrawal of the Daughters of the American Revolution from the Women's Patriotic Conference on National Defense, to be held here January 30, has thrown into a turmoil of talk the whole forefront of women's "peace" and "defense" causes.  
It brought into sharp clash with the Daughters their former co-workers, the American Legion Auxiliary. It started a buzz about inner D. A. R. workings. It won applause from yesterday's closing session on the cause and cure of war conference.  
On motion of Mrs. William Louis Dunne, Historian General and Public

## Plain-Speaker

Not silence, but the speaking voice, is golden—when it is Alexandra Carlisle doing the speaking! She has just been given the American Academy of Arts and Letters' gold medal for good diction on the stage. Though an American citizen, Miss Carlisle was born in England, made her stage debut there and played with such prominent actors as James Welch and Sir Herbert Beerthorn Tree. For the past nine years, ever since her marriage to J. Elliott Perkins, of Chicago, Miss Carlisle has deserted the stage for society and politics. Miss Carlisle is back on Broadway this year, playing Lady Lebanon in "Criminal at Large."

## Installation for D. U. V. Was A Delightful and Successful Affair

The Anna Kellogg Baker Tent No. 81, D. U. V., of Civil War '61 to '65, held installation in G. A. R. hall Thursday evening.

Emma Beier, Dept. Pres. of Illinois and Grace Carmichael of Rockford, acted as installing officers. The other installing officers were:

Songs—Orgieles Sisters.  
Remarks by out-of-town guests.  
Mrs. McDonald of Rockford who had seen service overseas during the World War told of the thrill she experienced when she saw our flag floating in Germany over the largest fort in the world.  
Mrs. Nellie Eastman, Past Dept. President of the W. R. C., expressed her appreciation of being eligible to membership in the "Daughters"—a heritage which every one should be justly proud of and show it by joining the ranks of the Daughters of Union Veterans.  
Mrs. Lucy Eastman presented the installing officer, Emma Beier, with a beautiful gift from the Dixon Tent.  
Delicious refreshments and a happy social hour closed the meeting.

## Birthday Surprise For Rev. Thompson A Delightful Event

The home of Rev. William Thompson, pastor of the First Brethren Dixon church became the place of merriment Friday night when twenty-eight people from Polo marched in under the leadership of Mr. and Mrs. Frank Wilson and stormed the place with laughter and shouts of "happy birthday." The whole affair was planned and put over as an entire surprise to Mr. Thompson who was having a birthday. Mr. Thompson was in his study near the front entrance of his home and as the folks filed in shouting, laughing he stood amazed and almost paralyzed and was only able to faintly mutter "good night," which the crowd immediately took up and pretended they had an unwelcome reception. The happy party was from Polo and attended Mr. Thompson's church where he served for seven years. But along with the fun, laughter and fine fellowship each family represented had brought a well filled basket, knowing their former pastor well enough to know that he enjoyed good food, and a good feast it was, for judging from the bounties which weighed down the table and was served in cafeteria style one would have never known that a depression was on. The rush seemed to all be over after the feast was spread, and all were served for every one enjoyed the fellowship of eating together.

## Bethel W. M. S. Met With Mrs. C. E. Hill

The W. M. S. of the Bethel United Evangelical church met with Mrs. C. E. Hill Thursday afternoon with Miss Luella Bowser assisting. The meeting opened with prayer and song. Miss Bowser read the 90th Psalm, and several members led in prayer. Miss Lona Beckingham read some New Year's resolutions from the church paper.  
Mrs. Frost gave an interesting talk on missionary work among the Indians. Mrs. Richard Weyant and Mrs. Paul Gordon sang a very pleasing duet. Mrs. Carl Hess read an item on giving time to missionary meetings and prayer. One can surely arrange for one afternoon each month to attend the meetings.  
There was a short business session, after which the meeting closed with the repeating of the Lord's Prayer.  
Four new names were added to the membership roll. There was good attendance of members and visitors. Refreshments were served during the social hour.

## Apollo Club Being Reorganized

The members of the Apollo club formerly known as the Rock River Oratorio Society, are reorganizing after the holiday vacation, and forming plans for the spring and summer seasons. The club is composed of over 100 singers from Sterling, Rock Falls, Polo, Ashton, and Dixon.

## Ladies Auxiliary To Elks Meeting

The Ladies Auxiliary to the Elks held a well attended meeting Friday afternoon. A short business meeting was held prior to the afternoon of bridge and it was found that the club had realized \$26 from their benefit bridge party.  
Bridge was then enjoyed and Mrs. David Marks was awarded the favor for high honors. Mrs. Wm. Rhodes won the second favor and Mrs. Edgar Decker the honor favor. Afterwards tempting refreshments were served, concluding the pleasant afternoon.

## Fashion Plaque

THIS smart kid shoe for early fall has the dressmaker touch of stitching and buttons so popular on sheer woolen dresses. Its comfort is insured by its material—kid—and by its medium height heel.

## W. C. T. U. Meeting Held on Wednesday

The regular monthly meeting of the W. C. T. U. was held on Wednesday afternoon at 2:30 o'clock in the Brethren church; it was also the 13th anniversary of prohibition, and a most interesting meeting. There was a large attendance of members considering the stormy afternoon. The president presided and opened the meeting by all singing "Lead On O King Eternal" with Mrs. O. E. Strock as accompanist. Salute to the flag was given.

Mrs. Strock presided during the program, she having it in charge for that part of the meeting.  
Miss Flora Seals led the devotionals which were very instructive and helpful; reading from Psalm 94:20 Eccles 7:10, Deut. 4:5-9 and John 1:6-9. Personal courage was one of the key notes of the devotionals and to be strong and of good courage, if God is with us who can be against us. Song, "Faith of Our Fathers" and Rev. Thompson closed the devotion with prayer.  
"Where There is Drink There is Danger," reading by Mrs. Etta Frye Solo, "The Outlaw" by Mrs. Archie Klein.

Rev. A. D. Shaffer, pastor of the Grace Evangelical church gave the address of the afternoon on "Advance, Not Retreat" and "Are we going to have beer or not have beer? What is the political situation of our country, and the social and moral? The ministers are the dispensers of truth. There is no reformation without a transformation of the life."  
Whatever happens to the 18th Amendment will be done by legislators. We know that every law is broken by the liquor traffic, and has always been broken. Ideals are lost and nothing gained.  
Some of the major claims of prohibition and the 18th Amendment are: We should agitate and educate the younger people to stand for the 18th Amendment. Liquor control, means liquor controlled by that person. In Jehovah is our strength, for stronger and better living. Rev. Shaffer closed his splendid address with prayer.  
Song, "Awake Ye Christian Voters" by Mrs. Archie Klein.

Miss Callie B. Morgan, president gave an interesting explanation of the Lillian Stevens fund; and collection was taken for the fund.  
The following resolutions for January 16 was read by Mrs. D. Timothy:  
Whereas, the opponents of the 18th Amendment are proposing to legalize beer and repeal or modify the 18th Amendment, and  
Whereas, the effects of beverage alcohol are the same whether it is sold legally or illegally, and  
Whereas, we have no reason to believe the violators of the 18th Amendment would obey the restrictions which of necessity must be a part of such legislation,  
Therefore, Be It Resolved, That we ask our United States Senators, our Congressmen-at-Large, and our own Congressman to vote against all legislation intended to nullify, weaken or repeal the 18th Amendment and the Volstead Act, and to vote instead for adequate appropriations for law enforcement and a campaign of education in law observance.

We call upon the public to obey willingly the letter and spirit of the law.

Treasurer, Mrs. Etta Frye gave her report.

Although very stormy outside, all in attendance were well repaid by the splendid program given.

Rev. Thompson closed the meeting with prayer.

## New Chintz-Covered Shrine to Beauty

A real shrine to its owner's beauty, this Directoire penthouse boudoir has its dressing table skirted and its seat upholstered in French chintz colored Nile green, rose pink and the soft dull mauve of the walls. The four-piece pyralis dresser set in jade is particularly interesting in keeping with the antique mirror above and the French chests flanking the table. The jade brush, comb, mirror and powder box have a dainty metal trim, simulating a green gold.

## Entertainment at Unity School Tuesday Eve, Jan. 24th

Residents of the Unity school district will offer an evening's entertainment at the town hall in Polo, Tuesday evening, January 24 as their contribution to the community's relief work. The program will begin at 7:45 P. M. promptly, the curtain rising for the play at 8:15 P. M.  
The program follows:  
A half-hour concert by the school band, conducted by T. A. Kiburz.  
A three-act play, "No Account David" by Lillian Mortimer, Caster.  
Mrs. Golden (Gran), an old lady—Henrietta Gilbert.  
David Benton (Dave), a wanderer—Nick McGrath.  
Jean Matthews, school teachers—Frieda Bitters.  
Ned Golden, Gran's grandson—Royce Burkholder.  
Sheriff Frank Barnes, who does his duty—Lloyd Ditzler.  
Mrs. Mattie Zona, a vaudeville performer—Catherine Dillman.  
Zetta Zona, her daughter—Anna Keegan.  
Cham Zona, her husband—Elton Scholl.  
J. C. Cooley, banker—Dale Brown.  
Bill, boy witness—Dwight Gilbert.  
Between acts: The Orkie Sisters (the Misses Gladys and Millie Ortgieesen of Dixon, sing weekly over station WJBC, LaSalle) and the Harmony Four, Milt and George Beck, Bob Fouke and Guy Puterbaugh, will sing.  
A fine evening of entertainment is assured. It will also be the first performance in the newly remodeled and redecorated town hall, which has been one of the work projects of the local relief plan, of which the workmen and the community may be justly proud.

## Helps for Housewives

To remove sewing machine stains from washable materials, rub the stain with a mild soap and wash out in cold water.  
To prevent woolen garments from shrinking when laundered, wash in lukewarm water and rinse in the water of the same temperature.  
When sewing on snaps on garments use the button hole stitch and the snap will stay in place longer than if the regular sewing stitch is used.  
To remove tar stains from garments rub with turpentine.

## When cooking sausages roll them in flour and they will not burst during the cooking.

## To soften shoes or boots which have become hardened due to water, rub with kerosene.

## Toys Cure Baby's Bad Habit

Thumb sucking or finger sucking often begins soon after birth of a child. It must be stopped early. One of the best ways to break the habit is to keep the child's hands occupied with some toy. Do not punish the baby, as it will only keep his attention on the habit and may strengthen it.

## Beware of Cold Germs

Washington—Clothes used by a person with a cold should not be washed with the general washing for the family. Boiling is the simplest method of sterilizing such garments. Another way the clothes may be treated is by immersion for an hour in one of the following solutions: a five per cent dilution of the commercial solution of formaldehyde, a one per cent solution of phenol, or a 1/2 per cent solution of cresol compounds.

## If Dresses 'Cup', Try This

When the skirt of a dress "cups" in back, raise the skirt on the belt at the back so the gathers will hang straight from the belt to the hem. If a one-piece dress needs the alteration, raise the entire back at the shoulder seams.

## PRACTICAL CLUB TO MEET TUESDAY AFTERNOON

The Practical Club will meet Tuesday afternoon with Mrs. Harold Gray, 1001 Galena avenue.  
(Additional Society on Page 2)

## LOADED FOR BEAR

Los Angeles—Three bandits who held up the service station where Frank Steinbiber is attendant, must have expected trouble. They were armed with sawed-off shotguns and heavy caliber revolvers. After robbing the station of \$50 they forced Steinbiber into the back room threatening to pepper him with buckshot if he came out before ten minutes elapsed.

## THE OBSTACLE TO PRISON REFORM.

A certain large American city is having quite a time these days because the sheriff is accused of setting too good a table in the county jail.

It was discovered, not long ago, that more was being spent, per capita, on food in the county jail than on food for jobless men at the city's unemployment relief stations. And the furore that was aroused has engaged the city's attention for more than a week, producing a whirlwind of indignant editorials, public speeches, official statements and what-not.

Of course, public officials were never under greater obligation to use economy in spending public funds than they are today. Waste of public money, either with or without an accompaniment of graft, is one of the chief abuses in American politics today. And yet—

Did you ever hear of any city or town, anywhere in the United States, getting all excited because prisoners in jail were getting too little to eat instead of too much?

It is very easy to arouse public indignation by the charge that lawbreakers are being coddled. It is almost impossible to make more than a very few people angry by charging that lawbreakers are being mistreated.

A large city is in a lather of excitement today because food served in the jail is too plentiful. But the city would only yawn if it discovered that the jail food was not plentiful enough.

All of this, to be sure, is nothing new. But it does emphasize the tremendous weight of public indifference that prison reformers butt up against when ever they try to bring prisons and jails up to the level that a civilized community ought to maintain.

Everything is against them. When we are told prisoners are being mistreated we remark that they ought to stay out of prison if they don't want to be abused—and then we go on to think about something else. We don't really get excited unless somebody tells us that the prisoners have it too easy.

That trait explains why the United States still contains a wealth of prisons and jails that are a disgrace to humanity.

## NOT SO FAST, PROFESSOR.

Prof. Auguste Piccard, the mild Swiss professor who sailed "way up into the stratosphere in a balloon last year, has invented a rocket plane in which he believes that he will be able to cross the Atlantic in less than half an hour.

The scientist divulged this not only when he sailed for a lecture tour in the United States. His plane, he said, ought to travel some three miles a second; and while it is hard to see how human bodies could ever endure being whirled through space at such a clip Professor Piccard is quite confident that the plane will be thoroughly practical.

And so, once more, we come up to a question that has arisen only in the last few years: just what are our inventors worth to us, nowadays, and how are we going to keep on living with the devices which they keep tossing into our midst?

Suppose, for instance, that some such plane as this could be made available for us. What good would it do us?

The Atlantic, of course, would shrink to a millpond. New York and London would be closer together than New York and Albany are today. Singapore would be only a day's journey from Chicago. There would not be, on all the earth, a spot too remote for a bombing raid in time of war.

All of that, of course, would be very marvelous; but would it get us anywhere?

One of our greatest difficulties today is the fact that the world has shrunk too rapidly for our prejudices and our social habits to adjust themselves. We have hardly begun to learn that we are next-door neighbors to all the nations of the earth; we are still trying to operate a compact and highly integrated world by a system devised when each nation was isolated.

So far we have had pretty bad results. It will take, perhaps, another century or two for us to get into harmony with the speed of modern communications.

And this rocket plane would only intensify our troubles. We simply couldn't live up to it. We don't need it. Can't our inventors go fishing, or something, for a few decades, until we get settled?

Unless proselytizing disappears from intercollegiate football the game will be dead in 10 years, or else frankly in college as a professional sport.—Prof. Philip Badger of New York University.

People will sell all the old trinkets they can find because many of them can't afford to be sentimental about an heirloom when they need the money for bread.—R. L. Benson, buyer of old gold in Birmingham, Ala.

As for technocracy, I'd like to have those fellows for my competitors in the automobile business.—C. F. Kettering of the General Motors Research Corporation.

These are days when among the teaching forces of our institutions the freest sort of academic freedom should prevail.—Thomas W. Lamont of J. P. Morgan & Co.

READ THE STORY, THEN COLOR THE PICTURE

"Why did the bunnies run away, instead of staying here to play?" asked Duncy. "Let's go get them. Then we'll have a lot of fun."

"They're hiding in a snowbank now, but we can get them out, somehow. Be careful not to scare them, or once more they'll start to run."

"Oh, I know what's the matter, boys. Our new dog friend made too much noise, and rabbits are afraid of dogs," said Freedy, with a grin.

"However, I am sure this hound will not start chasing them around. He'll treat them right because of how real friendly we have been."

The big dog seemed to understand, because it barked to beat the band. "Bring out one of the bunnies," exclaimed Scouty. "Right away!"

"You get it, Duncy. Have no fear. It will be safe when it is here. If things work out as we expect, we'll have real fun today."

Not only was one bunny brought but half a dozen soon were caught.

Said Freedy to the monstrous dog, "Now, do not try to bite."

"Make friends with all the bunnies, boy!" "I'll bring all of the Timinies joy." The dog just wagged its tail, so everything worked out all right.

Just then the Timinies heard a shout. "Come here! Where are you, Roustabout?" A hunter walked right into view and saw his friendly hound.

"Well, well," he added. "There you are. You must have traveled very far." And, as he knelt down by the dog, the Timinies gathered 'round.

"Your dog was trapped. We set him free, and now he's happy as can be," said Scouty. "Can we play with him for just a little while?"

"Tight to our sled he could be tied, and then he'd take us for a ride." That's quite all right with me," the hunter answered, with a smile.

## FRANKLIN GROVE

By GRACE PEARL

Franklin Grove — The Harry A. Kint oil station was broken into last night. A new battery, several cartons of cigarettes were taken and two windows were broken.

Carl Wedler, who several years ago was a resident of this place and was a watchmaker and jeweler for a number of years here, is critically ill at his home in Ashton. He is past 80 years of age and is suffering from a general breakdown in health.

Andy Butler, west of town, who owns the oil station on what used

to be the Lyman Wright property east of Ashton, has taken over the operation of the station this week.

Since the station was built by Mr. Butler it has been operated by Charles Aschenbrenner. Mrs. Butler will serve home cooked meals and lunches in the dining room at the station.

Sherman Connel and his father of Savanna were Monday guests at the home of Miss Flora Wicker.

Mrs. Horace Dysart entertained with a waffle supper Tuesday evening. Mrs. Raymond Jacobs, Mrs. Cecil Craven and Mrs. Frank A. Hatch.

Thirty members of the Truth Seekers Class of the Church of the Brethren Sunday school enjoyed a meeting and party at the home of Mr. Ed Blank, south of town.

Mr. and Mrs. Rueben Barnhart and son spent Sunday in Oregon at the home of her parents, Mr. and Mrs. William Taft.

Mr. and Mrs. John Meyers, in company with Rev. and Mrs. E. Wray O'Neil of Oregon spent Sunday in Freeport at the home of Mr. and Mrs. Jacob Fissell.

The new Methodist church at Lighthouse will be used for the first time Sunday morning when services will be there. This service will be another outstanding event of the good people. Lighthouse is just proud of their new church. The dedicatory services have not been planned as yet.

Mrs. Amos Wilson of near West Brooklyn spent yesterday at the home of Mrs. Florence Wilson.

Misses Alecia and Louis Elich are in Chicago this week visiting with friends.

The local chicken hatchery, which has been operated in the Tompkins building last spring, will again be in operation. The large incinerator was purchased at auction by Mr. Strube of Byron, from whom it was secured the last season. The auction price was reported to be \$952.

Rev. and Mrs. O. D. Buck, Mr. and Mrs. L. R. Fissell and family, and Miss Alice Willard were Sunday dinner guests at the Maurice Cluts home.

Wayne Bates, H. A. Dierdorff and F. Blocher were in Dixon on Monday night, attending the initial rehearsal of the Dixon Civic band, with which they will play this season.

C. C. Parker of Nachusa was a week end guest at the home of his daughter, Mrs. T. W. Brown.

Mr. and Mrs. Carl Kness and family were week end guests at the Glen Scott home in DeKalb.

Mr. and Mrs. Edward Blank and daughter were Sunday dinner guests at the home of his father, Herman Blank.

Mrs. Anna Breunier entertained with a turkey dinner Monday, honoring three birthday anniversaries—Mrs. Breunier, Lincoln A.

## DIXON TEAMS TRIUMPHED IN TWO THRILLERS

### Beat DeKalb In Last Minutes; Graders Also Victorious

By DON HILLIKER

At last the worm has turned! Dixon high's cagers captured two games from DeKalb last evening in the north side gym. Earl Flanagan, one-handed shot in the first minute of the single overtime period proved to be the winning margin, the final being Dixon 22, DeKalb 20. The lightweight contest was also decided in the closing minutes, Dixon triumphing 14-12. It was the best exhibition of basketball played by Coach L. E. Sharpe's team this season. Despite the loss of Strong, out with injuries, the boys managed to stay in front of DeKalb most of the battle. Especially noticeable was the superb defense of the locals. Using a zone type of protection Dixon was able to override practically all the Barb offensive thrusts. The bottling-up of the DeKalb plays was responsible for the first win over these opponents since 1930. This third victory of the season equals the total wins gained in 1931-32 and also breaks the two-game losing streak inflicted by Belvidere and Sterling.

At the end of the third period the score read Dixon 15 DeKalb 13. Early in the fourth quarter Underwood's remarks to Empire Swanson were contrary to the proper tone and the local "mike" departed for the showers by request. Flanagan replaced him.

Blazevich's basket following Belows' free toss put DeKalb one point in arrears. Henry made it 17-15. Blazevich cashed in on a free one. Before being forced from the game near the middle of this quarter Belows made a free heave for an 18-16 advantage. With four minutes to play Roche dropped in a beautiful side shot to make it 18-16. Desperate play featured the next two minutes with the teams first at one end of the floor and then at the other. During this changing back and forth Henry had been shooting away from near mid-floor but as yet had failed to connect. However, with two minutes remaining he hit from the center on a long shot and Dixon apparently had a 20-18 victory. Roche, diminutive DeKalb guard, was not yet through. Ribsiding down the floor and trying a shot, he was fouled by Fordham and was awarded two gratis shots. With the result of the ball game dangling in front of him, Roche merely tossed the oval through the net twice to tie the score at 20-20. A few moments later the regulation time had ended.

**Fine Spirit Shown**  
The spirit drive and enthusiasm shown throughout by Dixon was far from being exhausted. Opening the 3-minute overtime period, Dixon took the ball from the tip-off. A short scrimmage followed. Earl Flanagan, standing on the free throw line with his back to his basket, received the ball, pivoted free from his guard and netted a great right-handed shot for what turned out to be the winning points. The departure by the foul route of Blair, Frey and Stefani in the extra session is an indication of the vicious but futile comeback of DeKalb after Flanagan's basket. Dixon missed three free tosses in the last two minutes.

First blood was drawn by Dixon on Henry's free throw. Belows shot from under the hoop made it 3-0. Then Dixon began fouling and DeKalb began scoring. Kestila and Ravati got free tosses and Lindstrom put DeKalb ahead with a pair of awarded throws. Henry hit the cord with a nice southpaw shot on a pivot in front of the basket. Belows made it 6-4 with a free throw. DeKalb's free throw spurge continued. Lindstrom making one. The score at the quarter was 6-9 in Dixon's favor.

**Rolling Explained**  
Before going into the second period a much discussed conference ruling is explained. In the league statutes the rule concerning eligibility of a player who had performed in the preceding lightweight game is made clear that he can play in only four quarters, that is, if he had appeared in the last minute of the lightweight game he is eligible to appear in only three quarters of the major contest. As Coach Drew had used four first-stringers in the final quarter of the B-team game he kept them on the bench until the first period had elapsed. This quartet was eligible for three quarters of heavy-weight play as their short appearance in the last period of the opening game was the same as if they had played the whole quarter's time. This group had a decided advantage over Dixon in light.

**Tied at Second Period**  
Satisfied that the game at 6-6 to start the second period. Dixon's 11-10 lead at the half was the result of Belows' two baskets and free throw. Frey's two long shots did the work for DeKalb.

Blazevich tied up the game to start the second half scoring with a free throw. Neither outfit was able to gain much headway in this period. Dixon scoring four points and DeKalb three. Both crews were playing fast basketball but accuracy was away off on numerous shots. Apparently both outfits were preparing for that wild four

minutes at the end of the regular period and the furious overtime session.

As far as the scoring goes Belows and Henry stole the show. Belows seems to have hit that stride which made him a consistent scorer last winter. Aided by some pretty passing on the part of his teammates Belows accounted for thirteen scores. He had four baskets and five out of nine free throws.

Henry was good for seven points gathered on two baskets and three out of eight free tosses. Flanagan's winning basket gave Dixon's twenty-two points to this trio.

DeKalb was led by Blazevich. Frey and Roche each of whom had four points.

#### One of Best Games

It was one of the best games ever seen on the northside floor. With DeKalb on the verge of grabbing the lead in the latter parts Dixon's defense, something Sharpe has always stressed to the nth degree, repeatedly stopped the plays and took possession of the ball. Hasselberg, Fordham and Belows kept the DeKalb boys well clear of the basket on attempted follow-in shots.

The victory leaves Dixon in a tie with DeKalb for third place in the N. C. I. C. Also Dixon remains undefeated on its home floor thus far on the 1932-33 campaign. Next week will see a pair of tough competitors on the local card. On Friday evening Dixon plays a league game in Rochelle and Saturday entertains a non-conference foe, Rock Falls at the northside gym.

#### B TEAMS

The first of the two unheralded thrillers presented Friday evening resulted in a big upset. DeKalb tied with Sterling for the minor division lead, dropped a 14-12 decision to Dixon. As if meant for a prophecy as to the major game this prelim was settled in the final minutes.

Dixon kept their early lead to head the pack 5-4 at the end of the quarter. DeKalb then got underway but a stout defensive game by the local midgets allowed the visitors only a 9-7 advantage at the half's rest period.

At the end of the third quarter it was 10-8 in DeKalb's favor. Here the affair became interesting. Kline, freshman forward, tied the count at 10-10 when he connected from the side on a nice shot. Potts was given two free throws and he made them good to give Dixon a 12-10 lead. Cinnamon pushed up the count with a one-handed shot to provide the winning margin.

A somewhat surprising innovation was Coach Drew's next move when Frey, Lindstrom, Blazevich and Roche of the first string squad entered the B team game at this point. This substituting of the majors was a final hope that he could win out and maintain his undefeated B team record. However, Blazevich's long basket was all the damage suffered and Dixon won 14-12.

C. Swanson's four points led the scoring. Cinnamon had three for next place.

#### Grade Teams Win

It was a clean sweep as far as Dixon's grade cage teams were concerned last night. At Rock Falls the Dixon grade school all-stars offed their hosts with a double victory. The heavies' undefeated record remained unbroken as they took their fourth contest 14-9. In the first game the local lights crashed into the win column for the first time by a 14-9 decision.

Dixon had little trouble in the two-game win. The heavies jumped out in front to an 8-2 lead at the quarter and never were seriously threatened thereafter. McCon-

naughy's two baskets and two free tosses led the scoring. Coppotelli with five and Rebuck's four registered the next positions.

The lights opened rather dimly being in the rear 2-1 at the quarter. The Dixon outfit picked up to lead 5-2 at the half. Then it was Rock Falls' turn and they spurted to a 9-8 lead, grabbing seven points in the third period. Six points in the last period to Rock Falls' zero did the trick. Ellis' two baskets and a free toss led the scorers.

#### MANAGERS SPAR OVER OFFICIALS IN WELTER BOUT

Jackie Field Is Likely To Meet Young Corbett Feb. 22nd.

San Francisco, Jan. 20—(AP)—The proposed Jackie Fields-Young Corbett welterweight title bout in San Francisco Feb. 22 continued at the manager-sparring stage here today as representatives of the boxers sought to agree on a referee and alternate.

Lieut. Jack Kennedy, U. S. Navy officer stationed in southern California, was tentatively agreed upon for referee by Jack Kearns, representing Fields, and Larry White, negotiating for the Fresno, Cal. southpaw.

Kearns, while, and Matchmaker Anil Hoffman said it was possible final agreement on the fight officials would be reached today. Hoffman declared the proposed date was one he believed "will draw out the fans" and that if the contest was delayed he would not be interested in continuing as matchmaker.

The question of an alternate referee was raised by Kearns who declared he favored an eastern man. He balked at the name of Jack Dempsey, whom he once managed, was offered.

Kearns insisted the referee and an alternate be agreed upon before he signed for Fields, contrary to the custom of the California Athletic Commission in withholding names of officials until just before contestants in important fights meet in the ring.

**Indoor Track Meet In N. Y. This Eve**

New York, Jan. 21—Most of the runners, weight tossers and other track and field performers who starred two weeks ago in the opening meet of the indoor season and some who failed to come up to expectations get another chance to make good tonight in the second meet of the metropolitan season, the annual Jefferson Club meet.

The entry list included Joe McCluskey, the Olympic steeplechase runner who has won two distance events without any trouble whatsoever; Joe Healy and Eino Pentti, also Olympic athletes, and Leo Sexton, who holds the world shot put record and the Olympic title but failed to do much in his first appearance of the season.

McCluskey is scratch man in the 300 meter handicap, which has drawn one of the best fields of the meet.

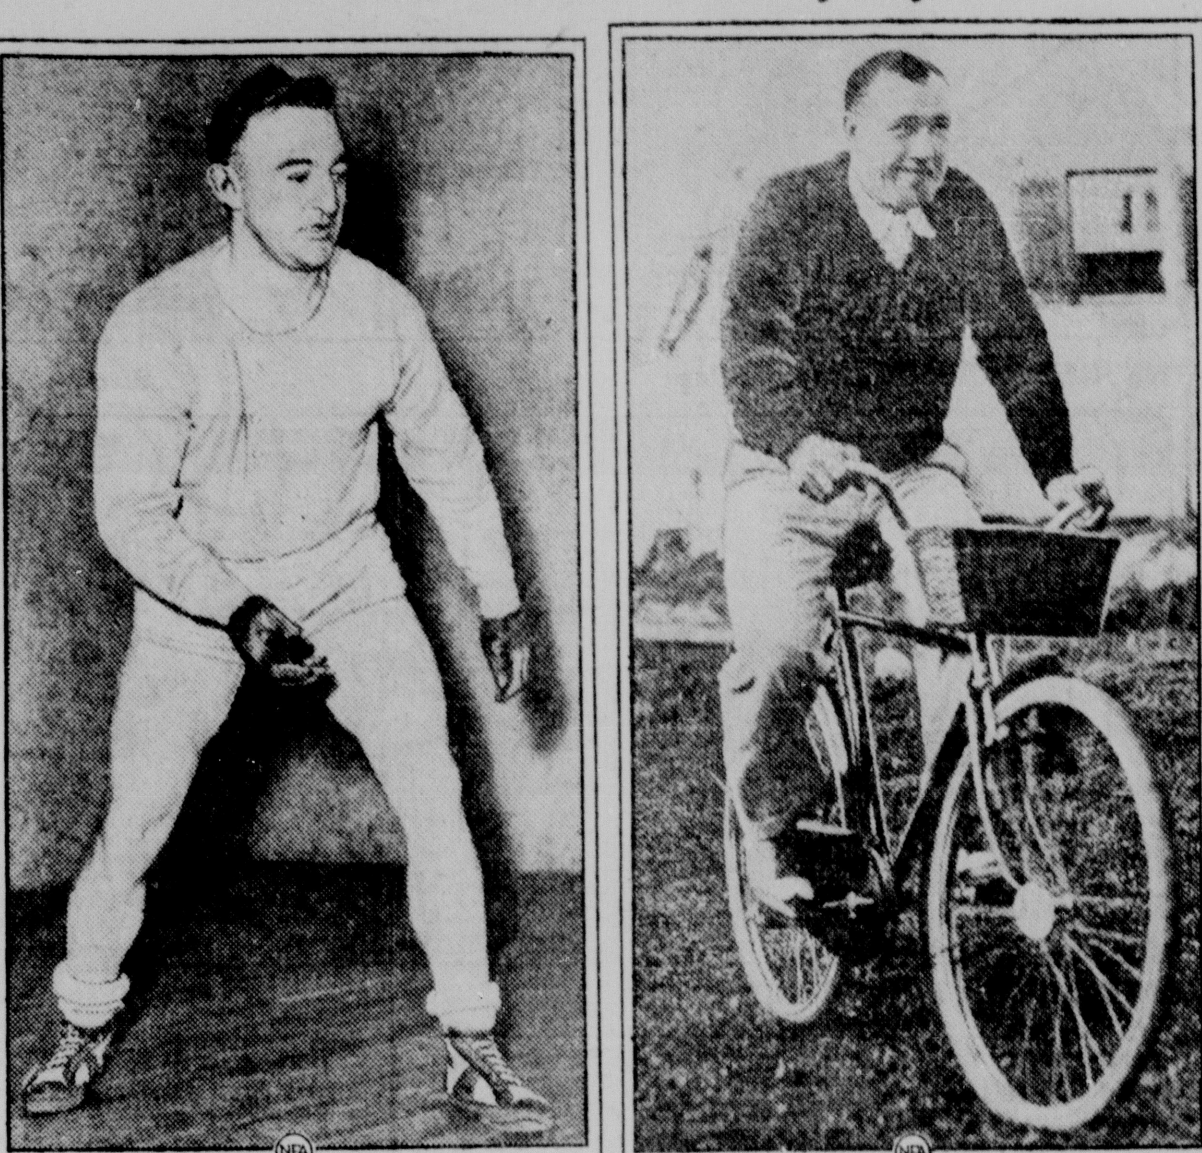

#### THREE GUESSES

West Point, N. Y., Jan. 21—(AP)—One-third of the net proceeds of the last Army-Navy football game has been contributed to charity it was announced today by Major General W. D. Connor, Superintendent of the United States Military Academy.

The bulk of the money contributed went to the Army Relief Society for West Point and the Navy Relief Society for Annapolis, but additional contributions have been made to the local relief society in the home town of each member of the varsity football squads.

"The proceeds from the Army-Navy game," said General Connor's

## Frisch Flashes and Sharkey Cycles

Flashing across the handball court of the New York Athletic Club, Frankie Frisch, left, the Fordham Flash who plays second base for the St. Louis Cardinals, is getting his underpinnings in condition for the coming diamond year. And while Frankie is industriously engaged in this manner, Jack Sharkey, heavyweight champion, is busy getting into shape to fight somebody this summer by trundling himself around on a bicycle in Bermuda, where he is vacationing.

## Hooks and Slides

By WILLIAM BRAUCHER  
Research reveals that only six of that glorious old band of fighters, called the Baltimore Orioles, called Kid Gleason was the last to be called out. The six are Ned Hanlon, John McGraw, Wilbert Robinson, Walter Brodie, Joe Kelley and Sadie McMahon.

Those who preceded Gleason in death were Jennings, Keeler, Esper, Reitz, Brouters, Mullane, Inks, Clarke, Hawke, Bonner, Hemming, Horner and Browne. The last of the managers is Uncle Robbie and he is in the minors now, directing the destinies of the Atlanta team of the Southern Association.

**HANLON LED 'EM**  
Of the survivors Hanlon is the oldest. He began to play ball in 1876, and he was 19 then. Next August 22 he will be 76. His playing days ended 42 years ago when he hurt his knee sliding against a chunk of concrete—probably just for practice. Pittsburgh made him manager and a year or so later he bobbed up as manager in Baltimore, winning three pennants in a row.

McGraw and Robinson (he of the handlebar mustaches) were the prize battery. It was a fast, smart team, and was regarded as a departure from the baseball theory of the period which placed a premium on big fellows. Hanlon introduced the hit-and-run and the bunt.

Keeler was one of the greatest batsmen, and surely the greatest place-hitter the game has known. In three seasons he went to bat 700 times without striking out.

Hanlon produced remarkable managers. Among them were McGraw, Jennings, Kelley, Fielder

statement, "were considerably smaller in 1932 than they were in 1930 and 1931, owing to the lower price charged for tickets."

Sharing in the receipts were the home towns of members of the Army squad, among them Danville, Ill.

#### Do You Remember

One Year Ago Today—Fifteen thousand saw Henri DeGlane, the wrestling champ of France, win from Nick Lutze, Los Angeles, in best of three falls at Madison Square Garden. A. C. Bostwick's Sunbrite won Reading Steeplechase in England.

Five Years Ago Today—The St. Louis Cardinals bought the Rochester club of the International League for \$120,000. Bay Lad paid 77 to 1 to win the first race at Tijuana and only 1 to 10 to show.

Ten Years Ago Today—Gene Tunney and Frank "Doc" Bagley, his manager, severed relations. It was announced that the Navy crew would not compete at Poughkeepsie because of interference with practice cruises of the crew.

## BOZEMAN LEADS BILLIARDISTS: JACKSON NEXT

Detroit Ace Has A Chance To Go In To Tie Today

Chicago, Jan. 21—(AP)—J. N. Bozeman, Jr., of Vallejo, Calif., today held the lead in the world three cushion billiards championship tournament, but Clarence A. Jackson of Detroit had a chance of pulling up even.

Following the opening match of the day between Otto Reisel of Philadelphia and Frank Scoville of Buffalo, N. Y., Jackson, victorious in his two starts, was matched with Allen Hall of Chicago.

Another victory for the veteran from Detroit would put him in a tie with Bozeman who last night defeated Hall for his third in a row. In the night match Johnny Layton of Sedalia, Mo., and Arthur Thurnblad of Chicago will meet.

Bozeman easily defeated Hall, scoring a 50 to 34 triumph in 43 innings. He had two runs of six, with Hall collecting four as his best, and led all the way.

In the afternoon tests Tiff Denton of Kansas City and Augie A. Kieckhefer of Chicago, the defending champion, pulled up in the race. Denton had surprisingly little trouble in defeating Layton, 50 to 39 in 56 innings, getting a high run of six, to four for the Sedalia redhead.

#### Heavyweights Fail To Attract Sports

New York, Jan. 21—(AP)—Hans Birke, German heavyweight from California, today held a place that might have belonged to Billy Petrolle or the Dutch windmill, Bep Van Klaveren—that of the winner of last night's feature bout at Madison Square Garden—but it wasn't the same at all.

Where the Petrolle-Van Klaveren lightweight scrap, cancelled because of Bep's cracked hand, was expected to pack them in, Birke and his opponent, Jimmy Braddock of Jersey City, proved singularly unacceptable substitutes to the fight faithful. Only about 4000 turned out.

Birke forced what action there

## BIG TEN CAGE TEAMS MIX IN CHICAGO AREA

Only 2 Games Scheduled In Conference For This Eve

Chicago, Jan. 21—(AP)—All the action in Western Conference basketball warfare tonight will be confined to the Chicago area. Northwestern entertaining Illinois at Evanston, and Michigan meeting Chicago in the Maroon field-house.

By winning over Illinois Northwestern can take undisputed possession of second place, while if in the event Illinois repeats its first game triumph over the Wildcats, and Michigan downs Chicago, the Wolverines can go into a tie with Wisconsin for the runnerup position. Ohio, leading with three straight victories, will not meet a conference team again until next month.

Since losing to Illinois at Champaign in their opener of the campaign, the Wildcats have knocked off Purdue, Chicago and Wisconsin, while Illinois trimmed Michigan then lost to the Wolverines and Ohio State on foreign courts. On its own wood, Northwestern will be favored.

Michigan started by defeating Iowa, but lost to Illinois. In their next engagement, however, the Wolverines wiped out the Illinois defeat and ruled a heavy choice to defeat Chicago, which has lost to Wisconsin, Iowa, Northwestern and Indiana.

was and made himself trouble in the eighth round when he walked into a couple of ponderous wallops from the right. Birke weighed 200 pounds, Bradcock 181½.

## LaBarba Will Sub For Kid Chocolate

New York, Jan. 21—(AP)—Fidel LaBarba has been signed to face Seaman Watson, British featherweight champion, in Madison Square Garden next Friday night, thus giving fistic history a chance to repeat itself.

The sturdy Californian, once king of the world's flyweights, was selected yesterday as a substitute for Kid Chocolate, recognized in this state as featherweight champion. Chocolate originally was to have met Watson in a title bout next week but the Cuban Negro was deported from Key West, Fla., on Thursday for failure to obtain a Department of Labor permit.

Under revised plans, Chocolate will defend his title against the winner of the LaBarba-Watson match some time in February. The selection of LaBarba to give Watson his first test in this country recalled Fidel's decisive victory over Elky Clark, the then British flyweight champion, on Jan. 21, 1927.

## Chicago Stadium In Receivership

Chicago, Jan. 21—(AP)—The Chicago Stadium Corporation today was in equity receivership, a foreclosure suit for \$1,750,000 had been filed against it. There were some other little suits, but the big sports building will continue to do business.

The corporation which operates the huge building on Chicago's west side, built at a cost of about \$5,000,000, was placed in receivership yesterday by Judge James H. Wilkerson following the filing of a suit by Charles E. Perry of Milwaukee. Perry holds \$4000 of first mortgage bonds, in default since Jan. 1, 1932.

Sidney N. Strotz, president of the Stadium Corporation, and Fred E. Hummel were appointed receivers. Strotz announced that the action would have no effect on scheduled and contemplated attractions. National League hockey, boxing, six day bicycle racing and other events will be held as usual.

#### WHY TRY TO BE KIND?

Columbus, Ohio—H. North Mr. and Mrs. Thomas O'Brien will avoid all hitch hikers, no matter how pitiful the appeal. The other night they picked up a hiker, a man about 35 years old. After riding a short distance the man drew a knife and forced Mrs. O'Brien who was driving, to stop the car. O'Brien grabbed the knife but received a bad cut on the palm of his hand. The bandit escaped with \$5.

All Dixon druggists sell the best foot powder on the market. It is called Healo. Good for the feet. Being used since Civil War days.

## Gay Hats Brighten Hollywood

LILLIAN TASHMAN

By NEA Service—

HOLLYWOOD—Lillian Tashman, "best-dressed woman of the screen," has just come back from New York with a stunning two-piece wool street costume which she wears with a cross fox scarf and muff.

The dress itself is brick red wool, made with fitted short tunic and a gored skirt. It has a very simple, smart close neckline and long tight sleeves that are set up into the shoulder of the dress.

With this outfit Miss Tashman has the jauntiest little matching red suede hat, with only a bowknot of brilliant to adorn it, on the side she wears off the face.

Plenty of Color

There are a lot of unusual hats appearing in Hollywood this month. The other day, lunching in the RKO cafe, Katherine Hepburn topped a dark brown suit with a brilliant stocking cap containing every color in the rainbow—plus a few extra!

The very next day Gretchen Wilson, a newcomer in pictures from Louisiana, went Katharine one better. Lunching at Levy's Miss Wilson wore a hat that looked exactly like those that the Salvation Army girls wear. Bettie Davis, on a shopping tour on Hollywood Boulevard, wore a rough wool gray dress with bright red stripes woven into it and a bright red flat derby.

## A MAN AND HIS DOG

Vancouver, B. C.—Pedestrians witnessed a remarkable sight recently. A man and a little black and white dog were struck by a passing auto and knocked several feet through the air. The man was slightly dazed, but he did not pause to determine his own injuries. His thoughts were for his little pet. The dog had been killed. He picked up the dog and fondled it and then walked away with his pet before the ambulance arrived.

# SPOTLIGHT

BEGIN HERE TODAY  
SHELLA SHAYNE, 18, whose parents were well known vaudeville entertainers, is a dancer. After weeks out at a job she is hired to substitute for DAISY GLEASON, another dancer who has sprained her ankle. While rehearsing at JOE PARIS' song shop Shella meets DICK STANLEY and TREVOR LANE, both rich. Dick is much attracted by Shella and urges Lane to include her in the program of entertainment at a party he is giving. Shella declines to come but later accepts.

At the party she meets GORDON MANDRAKE, well known producer. She sees Dick frequently after that. Dick returns to the show and Shella again has a job. Then Mandrake offers her part in a new play. Rehearsals begin at once. Shella becomes friendly with JIM BLAINE, one of the principals in the play.

They go to Atlantic City for the try-out week. MARION RANDOLPH, the star, becomes jealous because of the praise Shella receives from critics and therefore Shella is discharged. She is out of work for some time. Then she secures a part in a show that is going to tour. When Dick learns the new job will take her out of town he begs Shella to give it up and marry him. She refuses. They go to dinner and while Dick is talking to the proprietor of the restaurant a young man at a nearby table speaks to Shella. He has seen her on the stage and praises her dancing. Shella does not learn this stranger's name.

NOW GO ON WITH THE STORY  
CHAPTER XVIII

In spite of all her protests Shella was to need money before the rehearsal period was over and the play ready for the road. She needed it to buy clothes, for one thing—nice serviceable traveling frocks and shoes. Shella thoroughly disliked the cheap, high-heeled pumps the frizzled chorus girls wore on the road, their silk dresses and bargain basement coats. The fact that the girls couldn't afford better didn't change matters. They could have bought better things for the same price. They should have learned such things just as Shella had learned them. Instead they laughed at the trim, tweed-suited girls they saw getting into roadsters in small towns, laughed at their sport shoes, the plain, expensive traveling frocks they encountered now and then in dining cars.

Those girls in tweed suits were to Shella the most enviable creatures in the world. She meant to show these members of small town aristocracy that she, too, knew how to dress. Perhaps some day she could live the life they lived.

Of course there was Jim Blaine. Frequently she dined with him. There were one or two others who called her occasionally. With two invitations from Dick, two from Jim and possibly one other each week Shella had managed fairly well. Breakfasts were inexpensive and she never ate lunch. It was horrid to reckon in such a way but lots of girls did it. They had to.

Jim was making a hit in "When Lights Are Low." He had given Shella tickets and she had taken Ma Lowell to see the play. Ma had enjoyed it. It was seldom she obtained passes except to vaudeville houses for most of the men and women who patronized her rooming house were in vaudeville. Once they had attained the heights of a Broadway engagement they were sure to move.

Ma liked vaudeville or the pictures best but she wanted to take

have a home, a lawn, flowers, and her trunks and suitcases out of sight in the attic.

How Shella hoped that some day she might buy something without wondering what to do with it when she packed.

Shella needed money, too, to pay Ma Lowell. Of course, Ma would be willing, if she asked her, to let the rent bill wait. With a daughter of her own recently married out of the "Frivolties" Ma knew all about the difficulties of stage life.

The daughter, as a matter of fact, had not married well. Dora's husband worked at something or other in the Village. Now and then Dora worked, too, acting as cashier in an arts sort of restaurant. Oh, there was no doubt that Ma Lowell had a soft place in her heart for girls trying to make their way in the show business. That softness would provide Shella with a roof over her head but there were other expenses.

One of these was food. Shella thought shamefully that she should not have turned Dick down so definitely. His luncheon and dinner invitations had been a tremendous help. Of course it wasn't really fair to put it that way. She went to dinner with Dick because she enjoyed being with him. To "sing for one's supper," as the girls called being agreeable to a dinner companion because one needed food, was one thing. To dine with Dick because she liked him was another.

She looked dreamily toward a white sail far out on the horizon. "I'd love to," she said. "She'd love to meet you," Jim's voice was nonchalant. "I've told her about you. She is at Montauk Point just now. I wonder if you'd care to drive down with me next Sunday?"

a look at "Shella's young man." In Ma's fond imaginings it was Jim, not Dick, who held first place in the girl's heart.

"These play-writing young men!" Ma would sniff whenever Dick's name entered the conversation. "No good—any of them! Always behind in their rent, burning the lights all night, starving themselves or else moving off in a limousine too big to even speak to a person. They're all alike!"

Frequently Shella saw Jim on Sundays when they would drive out on Long Island. The play closed at 11 each night and Shella disliked late parties. Sunday, unrushed, calm and deliberate, was their day.

THEY would take a lunch and drive out along the green Long Island roads, lined with streams and ponds and waddling white ducks.

"There's the little home Glena Grayson built for her mother to keep her out of Hollywood," Jim remarked one day, motioning toward a house not far from the road.

"But mothers are in fashion in Hollywood now."

"Yes, mothers of the duchess type," Glena's mother isn't like that. We stopped there once to inquire about the road and spoke to Mrs. Grayson. Thought she was the cook! She's a nice old lady, though. And she looked comfortable in her cotton dress and house slippers, sitting in a rocker out in the yard."

Shella laughed. It was fun to be with Jim. It was less of a strain talking to him than to Dick. There was one subject that came between them, though. Jim was a success. Not only did he have a job but he was receiving \$250 weekly. Jim was making good and not a struggler like herself.

"I want you to meet my mother some day soon," he told her soberly. They were seated beneath a tree near Long Island Sound. The splash-plash of the water reached them and they could see the creaming of the breakers. The air held a faint salt tang.

Shella looked dreamily toward a white sail far out on the horizon. "I'd love to," she said.

## Don't Club 'Em—Slap 'Em

"Don't club 'em; slap 'em." This is the new order of police practice in Indianapolis, where all police have discarded their "billy clubs" for the slapper invented by their chief, Michael Morrissey. The slapper is a rectangular piece of hard rubber, a foot long five inches wide and a half inch thick. It has a slot for a handle. It fits neatly in a hip pocket. Chief Morrissey says the slapper represents humanitarian progress. No skulls can be cracked with it, no marks will be left by it, but a stunning blow can be delivered with it to subdue the obstreperous. Patrolman M. L. Hindman is shown here demonstrating its practical use.

time this week when they will study the compass and astronomy. Knot tying and games will be enjoyed. Plans were made for a Valentine party.

Dr. and Mrs. Charles LeSage and mother, Mrs. John Wishart were callers at the M. C. Stitzel home Sunday afternoon.

dom. Mr. Dangerfield shows that it could have been avoided by even the most sparing exercise of common intelligence.

That intelligence was lacking, however, and India caught fire. There followed the frightful massacre of Jawnpore, the siege of Lucknow, a whole series of killings and burnings and torturings; then the British got control again and proved that they could be quite as cruel and bloodthirsty as the Indians had been.

Two things impress you in this story; the obtuseness of the British generals, and the magnificent, heroic endurance of their subordinates. The book shows the sons of the empire at their worst and at their best. The worst was pretty bad, and the best was very splendid.

Even THEY AREN'T SAFE  
Birmingham, Ala.—Even the guardians of the law aren't immune from burglary. The other night a couple of bold bandits entered the police station and sawed a five inch hole in the liquor locker and made off with a suitcase filled with liquor. Police were sitting in the next room. They believed that the bandits were some men who knew that 25 gallons of liquor had been seized a few days previous.

# SWAPPING AID TO THOUSANDS IN MIDDLEWEST

Barter Organizations Are Springing Up In Many Places

Chicago, Jan. 21—(AP)—"Swapping" is enabling thousands throughout the middle west to obtain a return for produce or labor which otherwise would be a drug on the market.

From the squalor of Chicago's Halsted Street, where jobless men trade shoe for caps, to the Wheatlands or Dakota where farmers trade oats for haircuts, communities are discovering that money is not entirely essential to the conduct of business—after a fashion.

Although barter is far from becoming the prevailing mode of doing business, even in communities where it is organized, the age-old practice has been revived to a point where it makes possible thousands of deals to stimulate trade and create jobs.

One large project patterned after a real barter exchange is "Organized Unemployed, Inc.," a Minneapolis corporation designed to aid jobless in helping themselves.

Experiment in Living Directed by the Rev. George Mecklenburg, it is "an experiment in co-operating living." Back is issued by the corporation, scrip, by goods in its warehouses and used by persons "buying" or "selling" the corporation's goods.

In these warehouses are some 13,000 articles—ranging from chopped wood to foodstuffs—acquired by donation or through work done in exchange for scrip. Scrip is issued for labor, such as wood-cutting, canning and shoe-repairing, and accepted in return for goods bought by workers.

"Our enterprise will last just as long as the depression," says Mr. Mecklenburg. "It stimulates business, creates demand for raw materials, defeats idleness and saves the city much money otherwise necessary for charity."

Ohio Barter Exchange In Yellow Springs, O., civic leaders assisted in the formation of a barter exchange which searches for jobs, taking the employer's produce or good in exchange for scrip with which the workers are paid.

The association publishes a bulletin listing the goods available for purchase with scrip, and advertising the kinds of work which the unemployed members of the exchange can do. The list includes workers skilled in many things from plumbing to china painting.

In Omaha the "Unemployed Married Men's Council" has been organized with a membership in the thousands. The members do all manner of work, the council accepting goods in payment if money is not available. The workers are paid in scrip, redeemable in commodities.

Far more common are trades made through individual arrangement. The volume of such trade cannot be estimated, but is unquestionably large.

## PHONE CO. RECORD

Pittsfield, Ill., Jan. 21—(AP)—With the barter movement taking hold in many sections of the United States, Pittsfield today lays claim to holding a record for the entire country in this movement, to be accomplished locally. The Pike County Telephone Co., which serves all of Pike and Calhoun counties, has taken 45,000 bushels of corn in exchange for rural telephone rentals, and at prices 50 per cent above the elevator price of corn.

E. D. Glandon, manager, commenting on this exchange of commodities, stated today that in 1918 a farmer could sell 13 bushels of corn, and pay for a year's telephone rental, but that in 1932 it would require 180 bushels at the market price, in both instances Ten bushels today would bring \$1.20, while in 1918 the 180 bushels would have brought \$350.00.

Began in 1931

The barter movement by the company was commenced in 1931, when 10,000 bushels were taken, enough to pay for 225 years of service. In 1932, more than 600 rural telephone patrons paid their telephone rentals with a total of 35,000 bushels of corn, which would pay for 425 years of service. During these two years the Pike County Telephone Co. has accepted a total of 45,000 bushels of corn in exchange for telephone service at 50 per cent above the market price.

Corn in payment of the telephone bills is delivered at an elevator, where a credit slip is given the subscriber, who in turn presents it to the telephone company. At intervals the telephone company's board of directors meets and votes on disposal of the corn, either to hold it, or apportion the loss, which would be the amount by

which the sale price of corn was lower than the phone bill.

Just now the company is holding about 35,000 bushels in the elevator, waiting for a rise in market prices.

goes about it more systematically than any other is Rep. Fred A. Britten, Republican of Chicago.

Rep. Britten, a former amateur pugilist who still keeps in excellent physical condition, has served the Ninth district for ten consecutive terms. He was re-elected last November despite the Democratic landslide. When his party returns to power, Britten should be in line for one of the most important of the House posts.

Britten doesn't talk much about his age. The date of his birth isn't even mentioned in the Congressional Directory. His colleagues say he is "about 45 years old." Those who claim they know say "Fred's quite a bit older than that." But 45 or older, Britten can still outstrip 90 per cent of his colleagues. In fact, he'll either out-sprint or outdate them at a minute's notice, and he's just as willing to do one as the other.

When we went to Johns Hopkins several years ago for medical observation he had considerable explaining to do about his excellent physical condition. The consulting physicians said it wasn't right for a man of his years to be in such health.

Whether Britten offered to out-sprint them, or settled down to outdate them is pure conjecture.

Aside from that, Rep. Britten is one of the most genial hosts of the Capital. It isn't an accident that he can chat intimately of conditions in the Orient, Europe or South America, as well as about any other topic that might come up at a dinner. Britten knows and this is why.

He has led a busy life, met a great number of people, and visited every state in the Union and most every foreign country in the world. He is not only an excellent amateur photographer, but he is a voluminous diarist.

Every night Britten writes a resume of his activities during the day. Each visit, each contract, and the trend of every important conversation is carefully detailed. After that, the account is indexed and filed so that it can be turned to at a moment's notice.

In addition, Britten supplements his comment with photographs. Each print is tinted and glued in a rather elaborate series of album.

Whenever Britten wants data, or whenever he wishes to refresh his memory on any section of the world or upon the appearance of any friend, he merely turns to his indexed diary or his albums.

Britten tells about neither. His diary is out of the way so that it cannot be reached. But leafing through his albums is like walking through wonderland.

Britten relies upon both files to keep him abreast of the times. It is entertaining, it's because he's spent years "getting that way."

Martha L. Connole of East St. Louis, public administrator of Madison county and one of the leading attorneys in her district, died with Mrs. Henry T. Raney, wife of the House floor leader, Monday. She stopped over in Washington on her way from a convention in New York.

Thomas J. Bowler, president of the Chicago sanitary district board, conferred with Senator J. Hamilton Lewis, Democrat of Illinois, the first of the week in reference to the district's application to the Reconstruction Finance corporation for a loan of \$3,780,000.

The Senator is making an effort to obtain favorable action upon the district's application, in addition to another from the Chicago Board of Education for \$22,000,000 with which to pay the back salaries of Chicago's 14,000 teachers.

## A NOVEL HOLDUP

Houston, Tex.—A youth held up E. M. Oates, a bus driver, in a very novel fashion. He entered the bus and took a seat directly behind Oates. He passed a \$5 bill to Oates and asked for change. Then he drew a gun. "Let's have your money," he said. Oates gave him four one-dollar bills and, when coaxed, nearly left the bus without about \$3 in change. The bandit getting his \$5 bill back but it occurred to him at the last minute that his decoy was also money.

## HIP HURRAY \$57

San Francisco—Joseph J. Allekna's hip pocket supplied a certain polite bandit with plenty of cause for rejoicing. Allekna was bending over the engine of his car when a man pressed a gun in his back and said "Stay down, mister. I can get what I want myself." He then took \$57 from Allekna's hip pocket.

## FARMERS GIVEN RAY OF HOPE BY WEEK'S ACTIVITY

Legislative Action Is Now Under Way To Lift Mortgage Burden

Des Moines, Jan. 21—(AP)—Tax-laden, mortgaged-burdened farmers of the midwest wakened to their daily toil today with a ray of hope held forth by state and national legislatures that immediate relief is near.

Latest boon to the farm cause was the proclamation of Governor Herring of Iowa, calling upon the holders of realty and personal mortgages to cease foreclosure proceedings. The Governor proposed the moratorium be effective until the Iowa legislature has had time to adopt remedial measures.

In Kansas, Missouri, Nebraska and Minnesota bills designed to relieve mortgagors are pending.

A mortgage relief bill was the special order of business in the Wisconsin House today. And in the nation's Capital, Chairman Sumners of the House Judiciary committee said he was certain that legislation to reform the bankruptcy laws would be reported to the House.

Beset by taxes they felt exorbitant in the face of declining revenue, farmers have been fighting their cause with increasing vigor. One of the first demonstrations in Iowa was that against a state law compelling testing of cattle for tuberculosis. In 1930 they resisted testing attempts and the Iowa National Guard troops were sent into several counties to guard veterinarians conducting the tests.

First "Farm Strike"

Then came the midwest farm strike—the first direct protest against low farm prices. The punch of the mortgage was beginning to be felt, and the movement spread through the medium of the farmers Holiday Association into the Dakotas, Minnesota, Nebraska, Oklahoma and other midwest states. Farm produce was held from the big markets. Outbreaks of violence followed, but movement gradually slowed.

But the Holiday Association continued its work, as the mortgage situation became more acute. "Councils of Defense" were organized in many counties to seek agreements between creditor and debtor.

As mortgage foreclosures continued, force again was used. An attorney, seeking to purchase a farm at less than the mortgage for his insurance company, was threatened with lynching in one Iowa community.

In two cases, one in Wisconsin, and the other in Iowa, officers were forced from farms at the point of guns when they sought to serve notices of foreclosure or a writ of attachment.

In other Iowa, Wisconsin, Minnesota and Nebraska communities foreclosure sales were forcibly prevented, or friends of the foreclosed farmer bought back his personal property at minimum bids.

As the situation became increasingly critical, legislatures convening this month promised that measures for some form of relief would be given precedence, together with bills for drastic tax reductions.

## BE CIVILIZED, SNAKE

New York—John McHale's pet rattlesnake relapsed into its wild state. It would have proved fatal to McHale had it not been for the fact that the poison sacs had been removed from the snake's fangs. McHale had the snake at the garage where he is a mechanic. When he lifted the snake it struck at him and its fangs punctured his chin. McHale's friends, thinking the snake poisonous, called an ambulance.

# DOLLARS

The Wheels of Business

Whenever there are goods or services to be exchanged, dollars are the wheels upon which they must move.

The supply of dollars in any community is never large enough to handle all the business that is carried on, except by using the same dollars over and over again.

Therefore, the most useful dollars in the community are the ones that are constantly making little "round trips" to and from the bank.

The bank lends money to one industry, or to some trustworthy individual for a sound business purpose. The loan is repaid promptly within a stated time. The bank lends it again. In this way the wheels of business are kept moving.
